Legal notice.

Our catalogue is only intended for buyers who wish to use the goods and services exclusively within the scope of their independent professional, commercial, official or business activities and not for private individuals. All information on goods and services is non-binding and does not constitute a legally binding contractual offer, but only a so-called „invitatio ad offerendum“ (an invitation to submit an offer). **All prices stated in the catalogue are non-binding guide prices in EUR (as at the back of the catalogue); in addition, if applicable, there are costs for finishing and other ancillary costs such as packaging, shipping and transport costs, customs duties etc., as well as (if applicable) the statutory value added tax.** The product illustrations are not binding. We will be pleased to send you a sample for a precise assessment of the guaranteed properties and functions as well as the colour accuracy of a product. This sample is binding for placing an order. In the case of articles with advertising imprint, we will be pleased to provide you with a proof sample for binding approval of the print, the printing stand and

the product characteristics. All articles with customer imprint shown in this catalogue are only for the performance presentation of the printing technology and for reference purposes. The rights to the illustrated logos and brand names as well as to the illustrated custom-made products belong exclusively to the respective copyright/brand owners. Please note that in the case of set items which are marked „Made in Germany“ or „Made in Europe“, it is possible that not all individual components of the set are manufactured in Germany or Europe. However, it goes without saying that the main manufacturing or processing steps for sets marked accordingly are carried out in Germany or Europe (depending on the marking). Only the laws of the Federal Republic of Germany apply to the contractual relationship. The UN Convention on the International Sale of Goods (CISG) and the referral provisions of German international private law (IPR) shall not apply. Errors and misprints reserved.

We are certified: **Climate-Neutral Company!**

We not only produce on a climate-neutral basis, but have been officially certified as a **climate-neutral company** by the *German Institute for Sustainability and Ecology* since 2021.

As the first company in the advertising media sector, we not only produce climate-neutral, but have been officially certified as a climate-neutral company at the Sulzbach-Rosenberg site since 2021 by the German Institute for Sustainability and Ecology.

What does climate-neutral mean?

Companies, products and services are climate-neutral if they offset the emissions they generate to 100% according to the individual CO2 balance sheet.

The family business achieves 60% of this neutrality by saving CO2 emissions, which are achieved by its own measures. These include, for example, heat recovery and photovoltaic systems, the use of recyclable materials, 11 electric vehicles in the company's fleet, the exclusive use of recycled paper and cardboard, and efficient lighting management.

By investing in a German climate protection project, the project offsets the 40% CO2 requirement that is still necessary. This project contributes to the preservation of a forest area of 75.11 ha and thus of 45,066 trees. In addition, the forest areas offer protection to many endangered animal and plant species and thus make a valuable contribution to biodiversity.

In addition, we regularly conduct a comprehensive sustainability assessment in the fields of environment, economy and social competence according to the procedure D-20/400851, of the certifying body. The Analysis and Audit Report No. 5721 2840 documents all these activities.

Investing in the
future

Quality Made in Germany.

Production on site.

Our clear competitive advantage is **our own production** in Bavaria. Through state-of-the-art manufacturing techniques and committed and motivated employees, we are able to achieve the best quality, high efficiency, competitive prices and an exemplary environmental balance. The individual processes and sub-sections can also be monitored precisely and production sequences can be adapted.

Quality Made in Germany.

DRINK BOTTLE made from (r)PET.

1

PET bottles are manufactured and placed onto the market.

2

After use the PET bottles are disposed of at collection points.

3

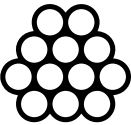

The bottles are collected, sorted and then cleaned.

4

They are then broken down into flakes and cleaned again.

5

The flakes are further processed into plastic granulate.

6

From the granules, a new product is created from recycled PET.

NEW!

01706 Beeswax cloth „Beeologic“

The sustainable and environmentally-friendly alternative to aluminium foil and cling film! Perfect for wrapping sandwiches, fruit, and vegetables or covering food and liquids in bowls and dishes. During use, through body heat alone, the beeswax cloth forms perfectly around foods, bowls or containers. The heat „welds“ the folded down edges. It can be removed just as easily and can be washed with cold or lukewarm water for re-use. With careful handling, the cloth can be re-used over a long period of time. Not suitable for raw meat and fish.

01623 Sunglasses
"Beach" clean-up

2 waste single-use plastic
bottles from the ocean.

What The Honu Movement is all about...

Removing plastic.

We employ our own staff to collect plastic from the ocean.

Reusing plastic.

We process the collected plastic using certified local recycling systems.

Avoiding plastic.

Dedicated teachers teach children about sustainable lifestyle.

Combatting poverty.

We provide fair jobs for the poorest of the poor.

Safety for life.

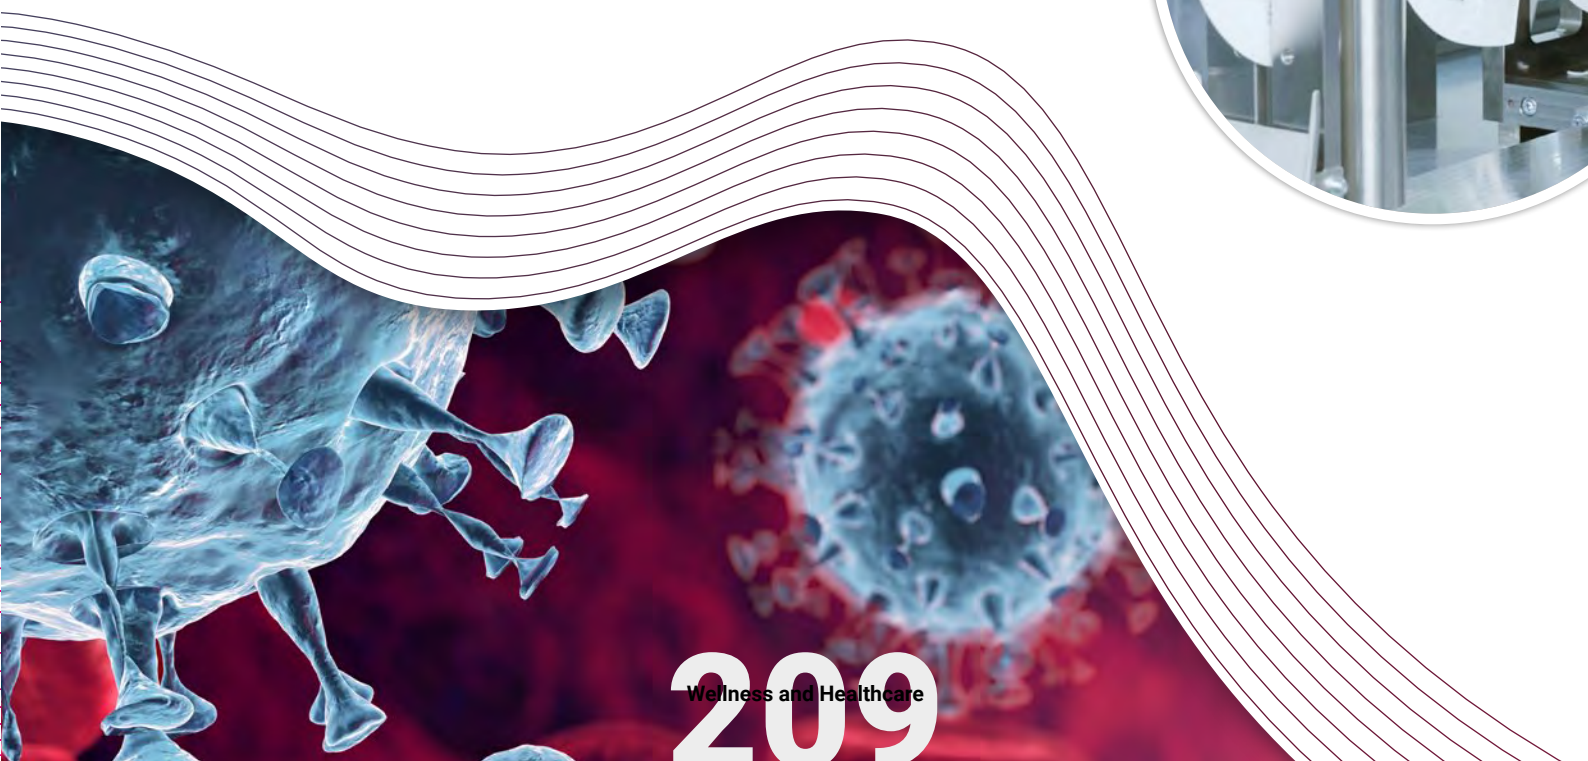

Protective Items.

Why we do what we do.

In the current Covid-19 crisis, the demand for high-quality respiratory masks, mouth and nose masks, as well as other protective items is enormous. We have therefore decided to expand our product range with these articles.

We offer the best quality at fair prices.

Thanks to our long-standing cooperation with our excellent suppliers, we are able to offer protective items of the highest quality and at fair prices. These are subject to a stringent and permanent quality control process and are produced by us in line with European standards. Our production process, packaging, and storage all adhere to the highest standards in terms of environmental-friendliness and hygiene, and are the basis of our work.

Respiratory Mask.

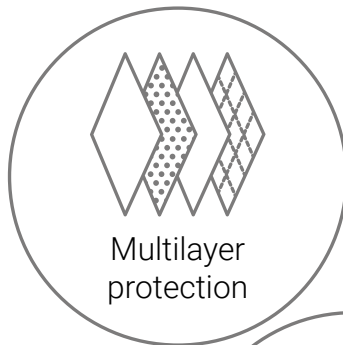

FFP2 and FFP3.

CERTIFIED

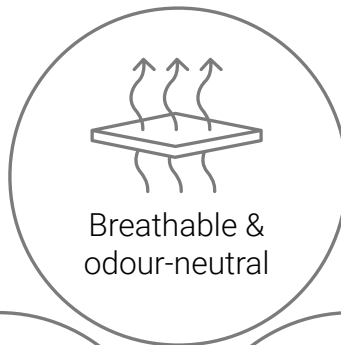

In accordance with Regulation (EU) 2016/425 and the European EN 149:2001 + A1:2009 standard.

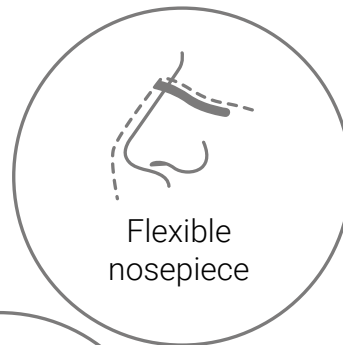

*Quality
Made in
Germany.*

Multilayer protection

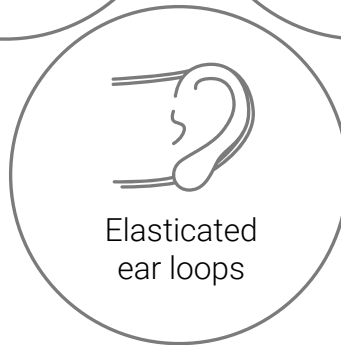

Breathable & odour-neutral

Flexible nosepiece

Aerosol protection

Elasticated ear loops

Our quality promise.

- Production and Material – 100% Made in Germany.
- High-quality processing in accordance with European standards.
- Highest standards with regard to environmentally-friendly and hygienic production processes, packaging and storage.
- Uncompromising and consistent quality checking for the most exacting requirements and security.

Your benefits.

- The use of high-quality German filter fabrics means that there is no need for redundant additional filter layers. This makes breathing and the long-term wearing of the mask much more pleasant than with the majority of other models.
- Safe and effective protection for the wearer against particles, liquids and solid aerosols.
- Free from glass fibres, latex and odours.
- Extra skin-friendly non-woven fabric with very low breathing resistance, a higher level of comfort and an exceptional fit.

Your respiratory masks with custom colour printing.

CERTIFIED

In accordance with Regulation (EU) 2016/425 and the European EN 149:2001 + A1:2009 standard.

Minimum quantity:
from 50 sets (500 masks).

Up to 4 colours per motif.

Max. Print size:
Ø 40 mm.

01747

Respiratory Mask „Colour” FFP2 NR, set of 10

Made in Germany. The colourful respiratory mask made from extremely high-quality fleece, offers reliable protection from liquid and solid aerosols. The fleece consists of 5 layers which are robustly interconnected. Furthermore, it offers very low breathing resistance and is particularly skin-friendly. The mask's ties are elasticated and ensure a high level of wearing comfort. The flexible and adjustable nose clip is integrated into the mask, allowing it to fit the shape of the nose perfectly. Not reusable. Not washable. Certified according to Regulation (EU) 2016/425 and the European Standard EN 149:2001 + A1:2009 (also includes printed masks).

01740 Mask holder „Comfort“, large

Avoid painful ears after wearing your mask for a long time. With this holder, weight is shifted away from sensitive ears towards the back of the head. It is suitable for use with all commonly used mouth and nose protection masks. Thanks to the number of hooks, your mask can be perfectly adapted to fit the size of your head. The mask holder can be cleaned with a cloth and detergent. It can also be cleaned with disinfectant. This ensures that it can be reused any number of times.

Gargle test.

Test tubes and collection cups.

01798 Gargle test for use by pupils.
Set consisting of 2 tubes and 1 funnel.

01799 Collection cups (pool) for the school
and for sending to the testing laboratory.

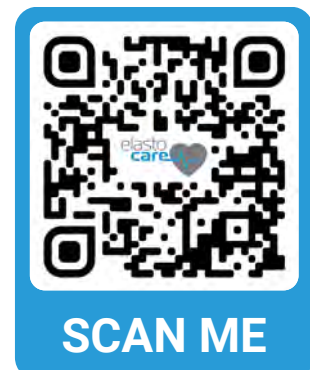

NEW!

Quality Made in Germany.

01798 Tube gargle test, 15ml

Set with 2 tubes and a funnel. The tubes have an embossed scale (1ml graduations) and a capacity of 15ml. Each has a screw cap. The reverse side is eroded for better labelling. Together with the collection cup (item no. 01799), you have all the items required for the so-called gargle test from the Wicovir study. This test procedure involves the testing of participating school classes twice weekly. This means: gargle tap water in the morning after getting up and fill the two tubes with the liquid. In the school, the contents of one of the two tubes is poured into a „pool“ (collection cup). Afterwards, the combined fluids from the group are tested. If there are any indications of a Coronavirus infection, children and adolescents must present their second tube for individual tests so that the infected pupil(s) can be filtered out.

PROMOTION FOR FANS.

Self-inflating.

08600 Noisemaking hose, self-inflating, „Germany“

Two self-inflating knocking tube sticks in Germany's colours. The foil of the sticks contains a granulate and a fluid bag. When hitting the bag slightly, it will burst and the stick inflates itself. The effect lasts for several weeks.

01423 Grill scraper „BBQ“

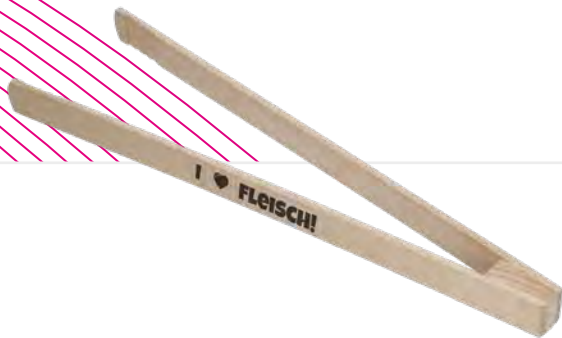

Robust wooden scraper made of natural beechwood. This grill scraper is an alternative to dirty grill brushes or wire bristles that may fall off, or even end up on the grilled food or in your mouth. Hot bars on the grill grid burn into the wood slowly, scoring it slightly, and enhancing the cleaning effect. As the scraper adapts to the grill grid, it is suitable for all grill grids and can easily be reused.

01011 Ice scraper „TopGrip - Clean Vision“

A cleverly designed ice scraper - MADE IN GERMANY. The shape of the ice scraper makes it comfortable to use. The anti-slip material on the handle helps to efficiently and quickly scrape off any ice on the windshield. The jagged edges on the top side of the ice scraper easily help to remove thick layers of ice.

04318 Ice scraper „Ergonomic“

Very sturdy ice-scraper with elegant curve. At one end has a smooth scraping edge and at the other end has scraping teeth for stubborn ice on the windows of the car. Due to its unusual shape, the ice scraper fits perfectly in the hand, thus increases the impact. The rounded edges will help avoid uncomfortable pressure points on the hand and scratches on the glass.

Embroidered promotional textiles.

Quality
Made in
Germany.

Long-term advertising appeal.

Embroidered promotional items are perceived as high-class and of excellent quality. As such, they are more easily appreciated in everyday life. Long-term and continuous advertising effectiveness is achieved. Embroidery is one of the most high-quality and durable processes in the field of finishing, making embroidered textiles one of the most effective advertising items. Almost any kind of textile can be embroidered.

Special feel.

The process gives textiles an enduring and unique haptic that impresses even the greatest critic. Embellishing the promotional item with embroidery establishes a direct link to the consumer and the scattering effect is greatly reduced.

- ✓ Embroidery with up to 15 colours possible.
- ✓ Embroidery as a vibrant, high-quality method of finishing with advertising appeal.
- ✓ Suitable for almost any type of textiles.
- ✓ Lasts as long as the textile.
- ✓ Maximum embroidery size: 160 x 160 mm

Guidelines & Regulations.

Toys.

All offered children's toys comply with the European Directive 2009/48/EC on the safety of toys and the EN 71 series of standards. Toys may be unsuitable or dangerous for children of a certain age due to their function, dimensions, features, characteristics or other reasons. To further improve safety, the toy comes with warnings informing the consumer of the potential danger posed by the toy.

The following are the warnings that apply to the individual articles. Next to the offered items in this catalogue are small numbers that match the listed warnings.

1. Attention! Not suitable for children under 3 years, because of small parts that can be swallowed.
Choking hazard!
2. Attention! Not suitable for children under 3 years.
Risk of injury due to long cord.
3. Attention! Not suitable for children under 3 years.
4. Danger of strangulation and tripping due to long cord.
Do not use near power lines or during thunderstorms.
5. Attention! Use under the direct supervision of adults.
Not suitable for children under 3 years. Danger of falling! The Schneeflitzy requires great skill in steering and braking, so learn to use it on flat, safe terrain.
Use only by one person at a time.
6. Attention! Use only in shallow water under adult supervision. This is not a buoyancy aid!
No protection against drowning!

All information with „+“ is to be understood as an age recommendation or as an educational note.

Sporting items, fan items, decorative items.

The sports, fan and decorative items offered in this catalogue are sold as such. In order to prevent possible confusion with toys, these items are marked with the following inscription.

Sport „Sporting goods - Not toys!“

Fan „Fan items - Not a toy!“

Deco „Decorative items - Not a toy!“

REACH.

All offered articles comply with the European Regulation No. 1907/2006, Registration, Evaluation, Authorisation and Restriction of Chemicals. The EU's objective is to produce and use chemicals in such a way as to minimise adverse effects on human health and the environment.

Customer information.

We hereby confirm, in accordance with Article 59 (1, 10) of the EC- Regulation number 1907 / 2006 (REACH), that articles delivered by us do not contain substances of the candidate list above 0.1% mass. We undertake to regularly compare our products with the substances specified in the candidate list in accordance with the REACH Regulation. Insofar as we determine that our products comply with Art. 33, we will inform you about this immediately and take appropriate measures in individual cases.

General information.

Please understand that we do not have the items in stock in all colours of our standard colour palette. Ask our sales staff for the available colours, minimum quantities and colour surcharges. We print exclusively with physiologically harmless inks. The disposal of the paints and screens is carried out in a closed system. Screens are recycled after use for technical reasons. For repeat orders, the sieve must be recreated and calculated.

For imprints, we need a copyable black-and-white original or a film 1:1, with transfer motifs reversed. In the event of necessary changes to your originals or multi-colour films, we will charge you the lithographic costs incurred by us. However, we will inform you in advance and make the changes only with your permission. It is also possible to create individual designs and final drawings on request. These will be invoiced by us at cost. An exact reproduction of the desired shade depends on the colour and condition of the item. For darker surfaces, white may be required.

Deliveries to new customers and abroad are made against prepayment or cash on delivery or irrevocable letter of credit.

The contractual relationship shall be governed exclusively by the laws of the Federal Republic of Germany. The UN Convention on the International Sale of Goods (CISG) and the referral provisions of German Private International Law (IPR) do not apply.

Errors and misprints excepted.

Current Situation.

Significant global constraints and delays remain in global supply chains. In addition, there is a shortage of freight rates from Asia to Europe. These circumstances are beyond our control and we have no control over them. Despite the best possible planning and constant communication with our suppliers and freight forwarders, delivery delays and price adjustments due to increased procurement costs unfortunately may continue indefinitely. Should this be the case, we reserve the right to adjust the prices and/or delivery dates mentioned in the catalogue accordingly. Unfortunately, this cannot currently be avoided and we ask for your understanding.
